I. I. MECHNIKOV AWARDS MADE -- Meditsinskiy Rabotnik, 24 Aug 49

The Presidium of the Academy of Sciences of the USSR has awarded the I. I. Mechnikov gold medal and prizes. The gold medal, given yearly to the author of outstanding works in the field of microbiology and the treatment of infectious diseases, was awarded to Academician Ye. N. Pavlovskiy. The prizes were awarded to Prof N. I. Latyshev for his scientific work in the treatment of skin diseases and to Prof G. K. Krushchov for scientific work on the role of leucocytes in histologic regeneration.

FAMED HOSPITAL DIRECTOR DIES -- Meditsinskiy Rabotnik, 24 Aug 49

On 18 August, S. G. Kozhukhov, Honored Doctor of the RSFSR and Director of the Central Polyclinic, Ministry of Public Health USSR, died. He was 55 years old.

His entire life had been devoted to Soviet public health. In 1919, he completed the medical course at Moscow University then worked as a doctor in the ranks of the Red Army. After 1921 Kozhukhov held a number of responsible posts in his native city of Bely in Smolensk Oblast.

Before World War II, Kozhukhov was the superintendent of the Smolensk oblast clinical hospital. After demobilization from the Soviet Army, as an experienced administrator and leader, he was named Director of the Central Polyclinic.

The government placed a high value on his services, awarding him the Order of the Fatherland War, Second Class, two Orders of the Red Star, and many medals.
